BUDGET GENERATORS TO POWER ELECTRIC PUMPS

These Kirloskar DA & TA series powered range of generators have been designed to provide an economical choice for driving bore pumps and surface pumps.

Kirloskar is one of India's largest generator manufacturers producing over 400,000 engines per year, the company is quality certified and whilst the DA & TA engines may not be the best looking engines on the market they're built to last running long hours. Coupled to W&C's own Crossley alternators they provide the complete affordable package.
